CALENDAR PROGRAM DETAILS

PURPOSE

Our calendar program is meant to demonstrate our multi-color printing capabilities while showcasing your creative design talents!

REQUIREMENTS

The design is up to you (save for the restrictions below), and is provided to Foresight Group free of charge. It must include the Foresight Group logo and website URL — www.foresightgroup.net — and include a two-month, traditional-type calendar. You may include your logo and website as well! We reserve the right to review your design at the concept stage and maintain final approval of your final, submitted art file.

RESTRICTIONS

Political, religious and sexual themes are not acceptable.

TRIM SIZE

Up to 11" x 25½" including bleeds for digitally printed calendars; up to 17" x 23" if printed off-set; to fit these dimensions, we may proportionally reduce the size of your design to fit the press sheet, though we will not enlarge it.

PRINTING COLORS

Must be four-color process. An additional varnish may be used (spot clear).

STOCK

We typically use dull or gloss cover but will occasionally use another stock on hand if there is a reason to, and it is agreed upon.

Foresight Group assumes no responsibility for use of copyrighted material. Designers assume all responsibility for obtaining copyright clearance of all materials used in their design.
